

# Precision Ruggedized ABS Splitter with Hangar

Ideal for FTTx PON networks, the PFABS PLC splitter delivers uniform power splitting in a compact, field-ready design, supporting configurations from 1x2 to 2x64.

The PFABS now includes an option to use our ABS Splitter Hangar—a built-in storage area designed to neatly stage and secure pigtails during installation and service. This keeps fiber organized and protected, reduces clutter inside enclosures and panels, and helps techs complete turn-ups faster with cleaner routing.

## FEATURES

SPLITTER HANGAR HELPS KEEP PIGTAILS STAGED, PROTECTED, AND READY FOR FAST CONNECTION (NEW)

LOW INSERTION LOSS

LOW PDL (POLARIZATION DEPENDENT LOSS)

COMPACT DESIGN

EXCEPTIONAL RELIABILITY AND STABILITY

WIDE OPERATING WAVELENGTH: FROM 1260NM TO 1650NM

WIDE OPERATING TEMPERATURE: FROM -40°C TO 85°C

CONFORMED TO ROHS

## ORDERING GUIDE

### Example Part #'s

#### **PFABS1X32-SCA1.3-SCA1.3-20-H**

Precision ABS Ruggedized 1x32 Splitter, 2mm, 1.3M SC/APC (input), 1.3M SC/APC (output) Includes Fiber Hangar

#### **PF-HNGR-36-SC-50**

Precision 36 Position Splitter Hanger, Pack 50pcs

#### **Optional ABS Splitter Mounting Shelf**

##### **Part# PF-1923-ABSMT-2U**

2RU, 19 or 23", Holds 12 ABS Splitter Modules
