

Micro UPS

If you are deploying Fiber-to-the-Home (FTTH, FTTx, FTTB) we have a Micro UPS battery backup solution for you. With 2-3X the design life of Sealed Lead Acid, 2X the surge protection, and solutions for Brownout Protection to 24+ hours. Our ups battery backups were designed by technicians for technicians in small, easy-to-install designs and a battery life to limit truck rolls.

Li-36 Micro UPS, 12V 36W, Indoor

PP36L

- ✓ Small Design for inventory, truck, and customer premise space savings
- ✓ Battery Design Life 10-15 Years
- ✓ Audible and Visual Alarming with ability to silence
- ✓ 6" x 3.5" x 1.22"
